DETAILED ACTION

Claim Rejections - 35 USC § 101

1. Claims 1, 4, 7, 8 and 11 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. The claims should be rewritten such as the code "when executed on the medium..." "to make it statutory.

Specification

2. The specification is objected to as failing to provide proper antecedent basis for the claimed subject. See 37 CFR 1.75(d)(1) and MPEP § 608.01(o). Correction of the following is required: Claims 1-4 recite "computer readable program code", "computer executable software code" and "computer readable medium" however since the specification does not provide proper antecedent basis for the claimed subject matter. Appropriate correction is required.

Conclusion

3. This application is in condition for allowance except for the above specification formal matter.
